IRL S. BAREFIELD

Irl,
Of course you want me to sign in the front cause you want everyone to see that I have written in your book. I've really had fun this year and I'm glad that I got the chance to know you Please don't judge me by my sister, I never judged you by your walk! Good luck in everything you do and keep in touch.
Love, Sandy E.

Irl,
Dog you can play that trumpet! A talented guy like you is bound to go far in life. Hope you find everything your looking for.
Best of luck to ya!
Tim Howard

Irl,
The past 6 years have gone by quickly. Don't forget all the good times we had in band + A.P. Good luck in school + everything you do. Keep up the trumpet!
Love + prayers,
Becki

P.S. Don't give up the trumpet!

Irl,
It's been so long, but not long enough. It seems to me that as soon as we start having good times (i.e. A.P. history, English ~~parties~~) that it's all over. It's been great to see you there doing all you can to make others enjoy themselves. You are so talented and in ways other than musical. Keep them up and you will go far in life. See you at the "Pic".
Love

The Way We Were

Memories like the corners of my mind.
Misty water color memories of the way we were.
Scattered pictures of the smiles we left behind,
smiles we gave to one another for the way we were.
Can it be that it was all so simple then,
or has time rewritten every line?
If we had the chance to do it all again,
tell me would we? Could we?

Memories may be beautiful, and yet,
what's too painful to remember we simply choose to forget.
So it's the laughter we will remember,
whenever we remember the way we were; THE WAY WE WERE.

Ark,

Its seems like yesterday that we had the A.P. History picnic, but its now a year later and we're going to graduate and separate. Its really been fun to have you in my English + Calc. classes. Its too bad you're not going to Southwestern, but I guess two Overton students will be all it can handle.

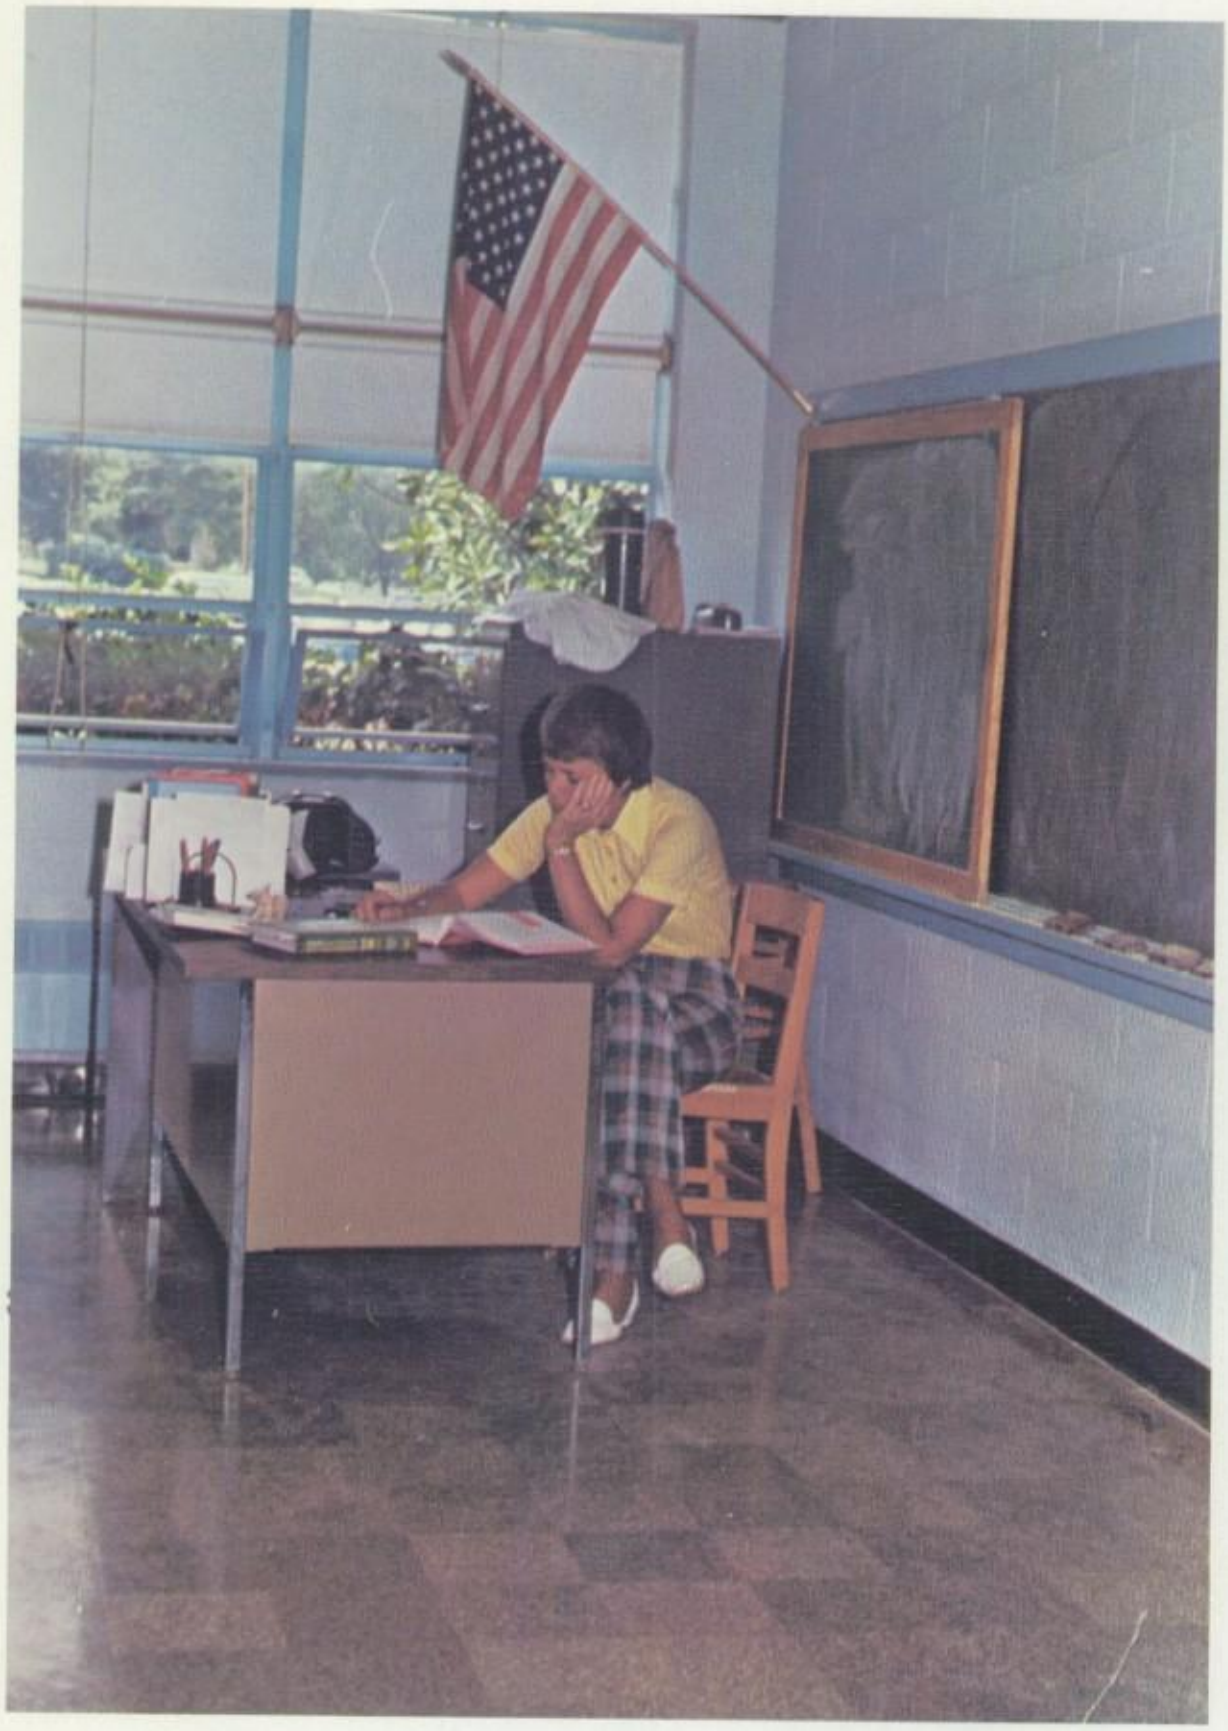
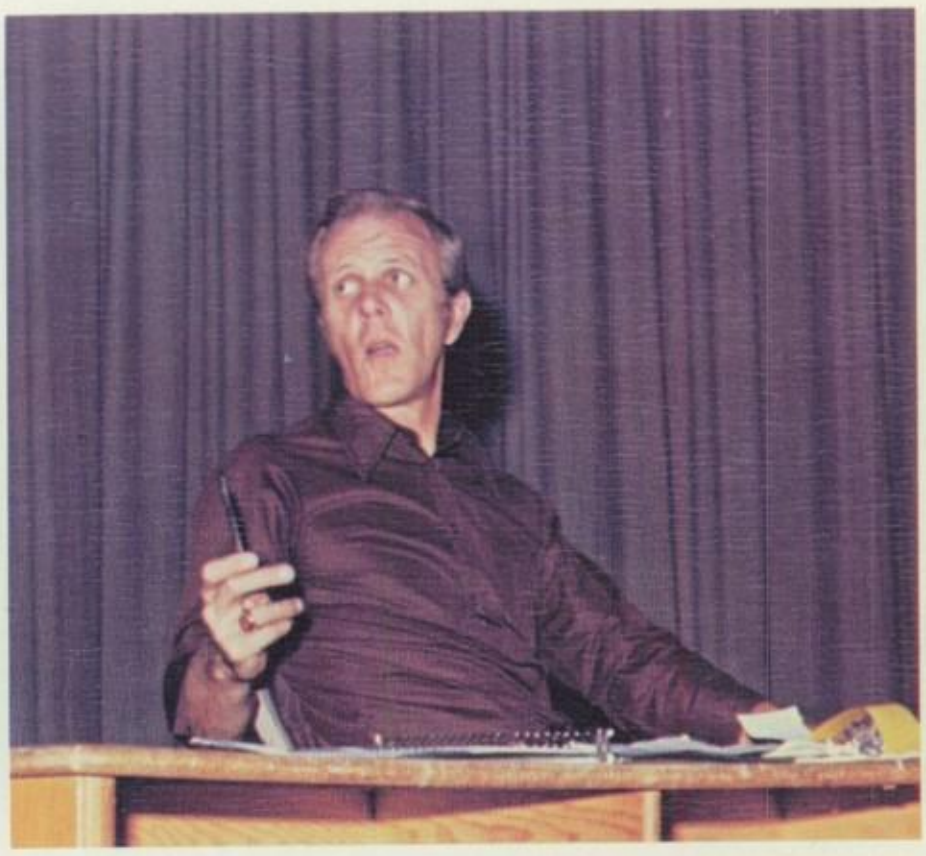
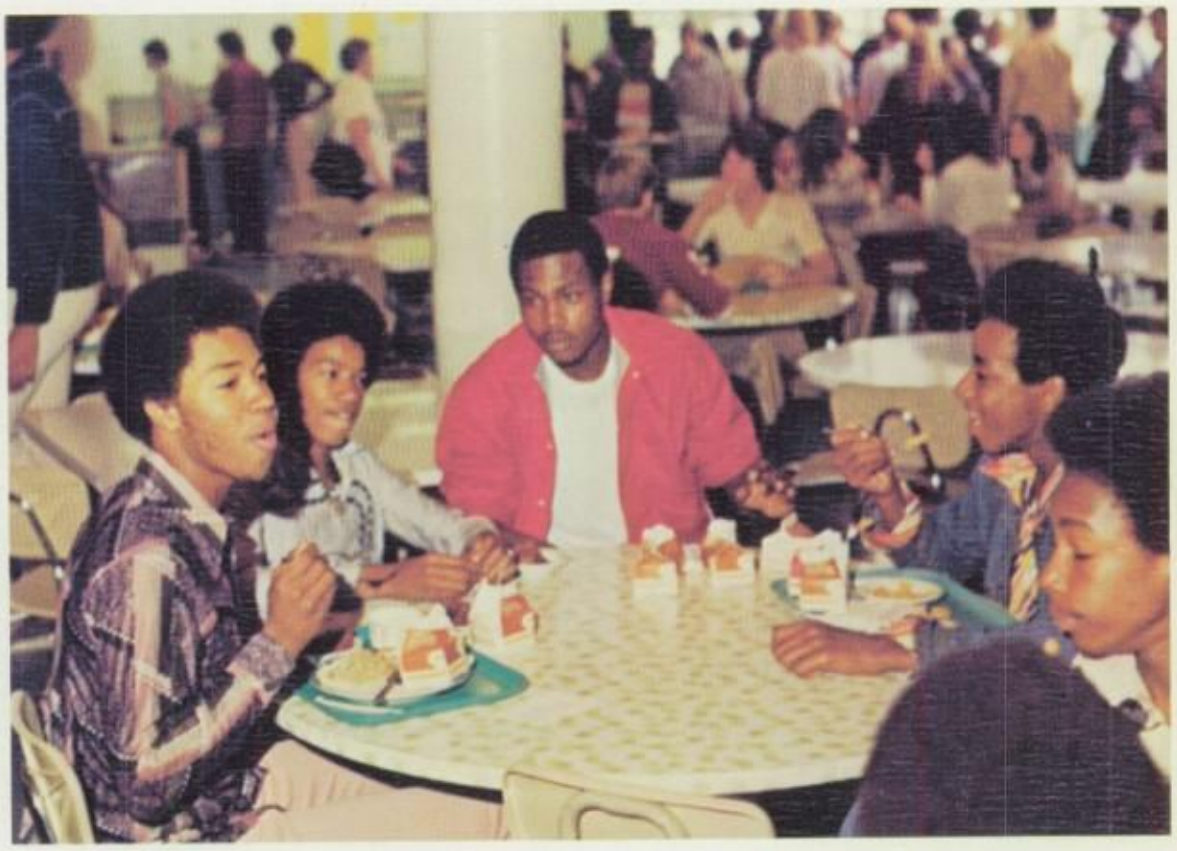
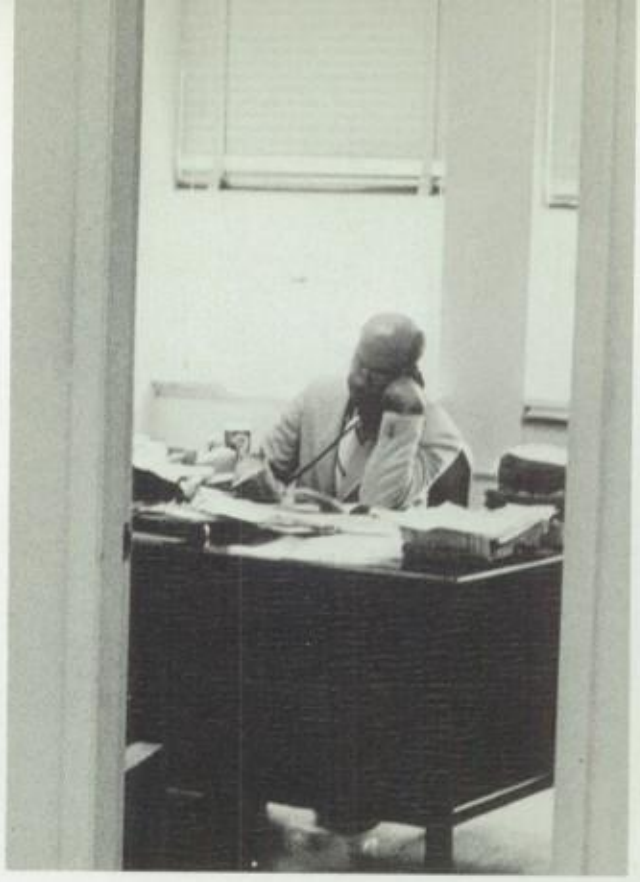
I know I am deathless,
I know this orbit of mine cannot be swept
by a carpenter's compass,
I know I shall not pass like a child's carl-
acue cut with a burnt stick at night.

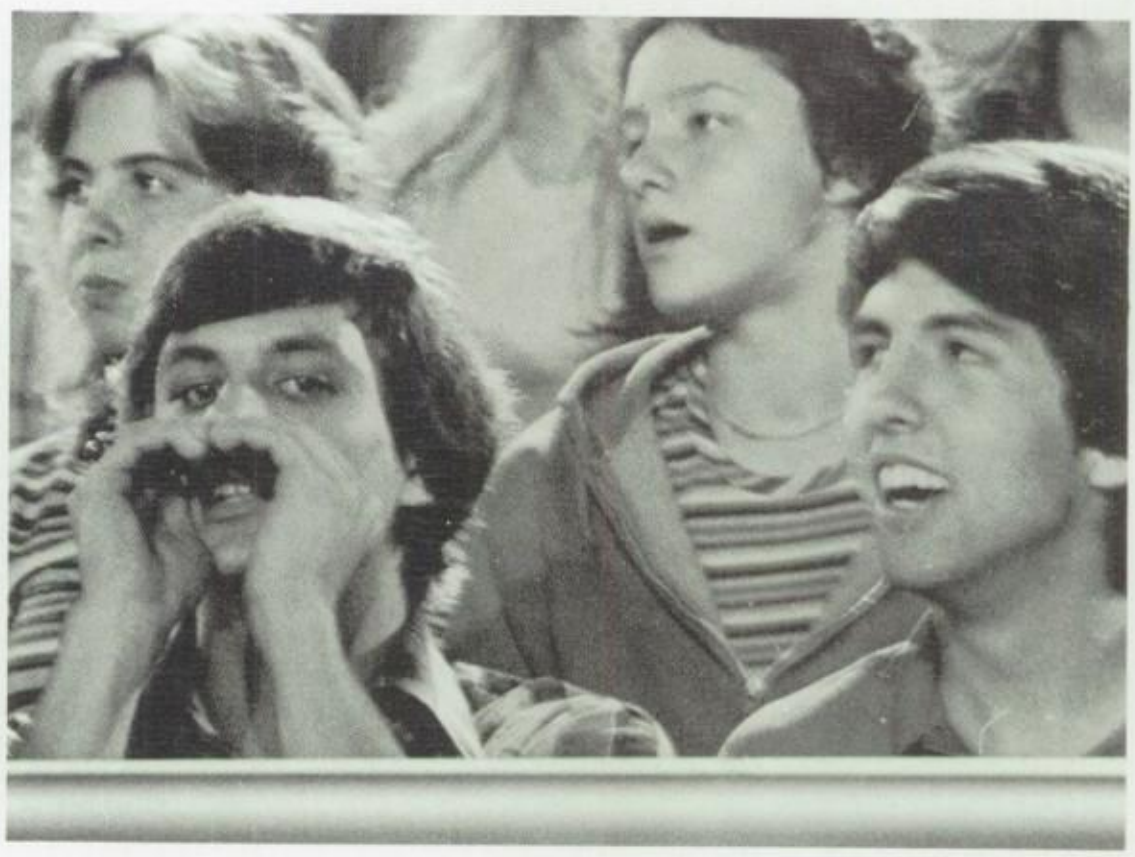


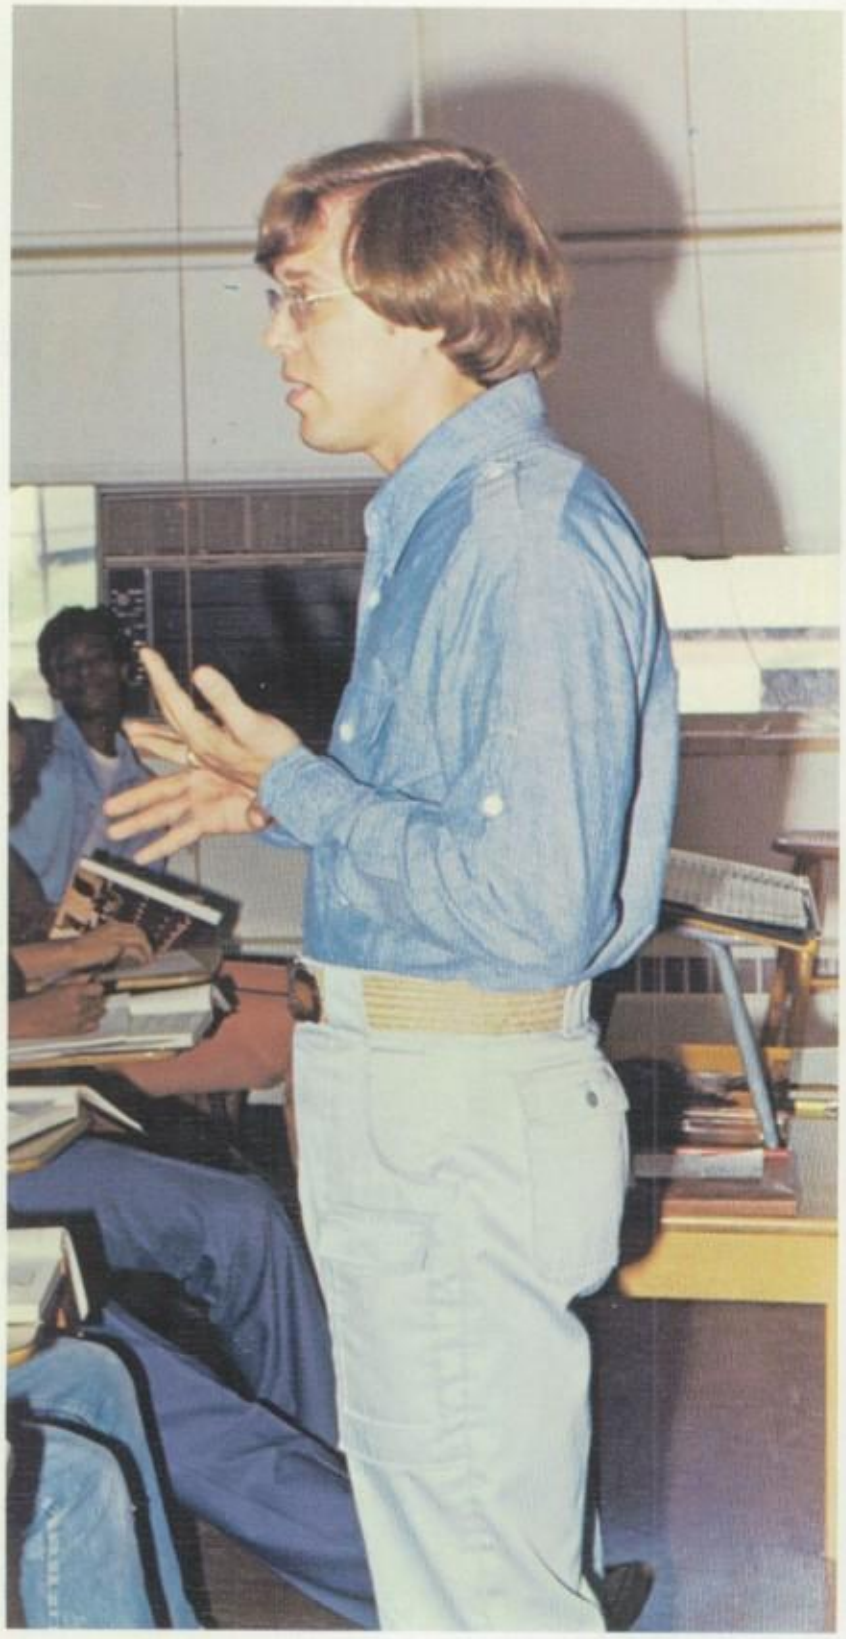




I know I am august,
I do not trouble my spirit to vindicate itself or be understood,
I see that the elementary laws never apologize,
I reckon I behave no prouder than the level I plant my house by, after all.







I exist as I am, that is enough,
If no other in the world be aware I sit content,
And if each and all be aware I sit content.

I want to teach my students how ~ To live this life on earth ~
To face its struggles and its strife ~ And to improve their worth ~
~ Not just the lesson in a book ~ On how the rivers flow ~
But how to choose the proper path ~ Wherever they may go ~
To understand eternal truth ~ And know the right from wrong ~
~ And gather all the beauty of ~ A flower and a song ~
For if I help the world to grow ~ In wisdom and in grace ~
Then I shall feel that I have won ~ And I have filled my place ~
And so I ask your guidance, God ~ That I may do my part ~

Each of the past nineteen years, the Overtour staff has compiled and published in our annual pictures of activities, special events, teachers, and students of John Overton High School. We are grateful to these students and sponsors who have made these publications possible so that we may reflect through memories the friends, teachers, and special occasions we treasured during our high school days.

From 1958, when we first opened with 325 students, to our present enrollment of 1232, John Overton High School has been recognized as an excellent school with outstanding students. Our students have excelled in academics, activities, and athletics. The future is even brighter as we expand our curriculum to include new programs scheduled to open in September, 1978.

As our seniors complete their last high school year, I hope each realizes how important it is to continue his education. The faculty and I wish for you a successful and happy future. I trust you will always be proud of your school and will return for a visit on special occasions.

Overton Football Follows Tradition

Through the past nine years a sense of tradition has been established for the Overton Football coaches and squad. This year began with this traditional feeling and the Bobcats foresaw a promising football season.

The team began with a 20-6 win over Springfield, Terry Corn scoring all three touchdowns. The first home game against Hillsboro was a shutout, 33-0, decision for the Bobcats. Franklin County came to Nashville only to be humiliated, losing 55-7.

The next two games were much of a surprise to the team as they visited MBA and faced a trifling loss, 6-5. The Bobcats outplayed Maplewood, but lost 20-16. These defeats were hard to handle, but it made the team stronger. With great vitality they did not give up and plunged into the rest of the season with power.

Antioch came to the Overton stadium and the 1977 Homecoming Court watched a victorious game with a 52-14 win. Overton then rolled past Clarksville Northwest at the Austin Peay Football stadium in a cold, steady rain. The Wildcats were held scoreless, 38-0. Pearl was then defeated 60-6 by the Bobcats at the Pearl Stadium. Back home again, the Bobcats took on McGavock and carried 49 points to the Raiders' none.

Preparations had been made all season for the NIL game of the year: Overton vs. Father Ryan. Ryan's squad was tough and the Irish did show their pride, but the Cats kept their self-confidence. In a most exciting game Overton beat Ryan, 20-14, in overtime. Performances by the defense were grand as they kept the Irish back. Quarterback Mike Sullivan led the offensive line to victory throwing successful touchdown passes to Broderick Bayless and Terry Corn.

The regular season was over with a record of 8-2 and a district record of 4-1. The Overton squad then traveled to Hartsville for the 24th Annual Tobacco Bowl against Hendersonville. The Bobcats came out ahead, 9-0.

With strong individuals and personalities, the 1977 Overton Football squad was not ordinary. Through steady effort and determination they became united; they became a team to be proud of. As expressed by Head Coach Nick Coutras, "Football is often a close comparision to daily life—it can be filled with disappointments and failures. Success comes with a taste of defeat and a taste of victory." The experience of this team has exemplified the skill and success that can come in life through determination and pride. This is the Overton tradition.

Pat,
I have decided, after much contemplation not to be corny. Jim really glad that we've been friends and I hope we can keep in touch next year. I wish you had decided to go to Southwestern, but... that's life. (this is a must period) Anyway, it's been great. Much luck to a true and memorable friend. Love, Mary

"Climb 'Til Your Dream Comes True"

Often your tasks will be many,
And more than you think you can do . . .
Often the road will be rugged
And the hills insurmountable, too . . .
But always remember, the hills ahead
Are never as steep as they seem,
And with Faith in your heart start upward
And climb 'til you reach your dream,
For nothing in life that is worthy
Is ever too hard to achieve
If you have the courage to try it
And you have the Faith to believe . . .
For Faith is a force that is greater
Than knowledge or power or skill
And many defeats turn to triumph
If you trust in God's wisdom and will . . .
For Faith is a mover of mountains,
There's nothing that God cannot do,
So start out today with Faith in your heart
And "Climb 'Til Your Dream Comes True"!

Hey, Sal — loving you back in class this year has been fun again and interesting again and challenging again ☺. Keep probing — are you going to be a doctor, no; well keep probing anyhow, and now that I've just found out you're going to Vanderbilt, maybe you can delve as a writer! Anyhow, you have lots of variety to choose from because your versatility does manage to surface — well — keep the perception too, okay? Best wishes & don't forget to check back in occasionally —

Sincerely,
your almost

Editor's Comments

Somehow, nothing is quite as ridiculous as yesterday's concept of what today will be like. I can recall, for example, one hot September afternoon when, before a somewhat dreary eyed group of people, stood an inexperienced editor who made the statement that the year would run smoothly. If there has ever been a more nonsensical idea, I've yet to hear it. To say the entire staff has faced a few problems is like saying the Bolshevik revolution was a difference of opinion. However, I am pleased and, indeed, quite proud to say that we made it, not unharmed, but all the wiser for the experience.

No comment would begin to be complete without mention of all those people who helped the book along in its infant stages; however, to give credit where credit is due would take another book about this size. Mention must in any case, go to that certain group of people who worked so long and hard on the book. The entire staff deserves mention for their hard work. It seems as though no matter what the time or circumstances, staff members were always working late at night, during assemblies, even at 3:30 on Christmas Eve. I also wish to thank Mr. William Benson, Jr., our representative from Herff-Jones who helped us so much all through the year and Mr. Curtis Harris, our Customer Service Advisor in Montgomery. And last, but by far not least, Miss Carolyn Read Pickering for putting up with a bumbling and forgetful editor and being an inspiration even in the worst of times.

Overton is made of a great many things all blended together to form not a school but a tradition. We have, this year, tried to represent those things which comprise Overton and, I hope, and indeed feel that we have been successful in preserving these things.

Steve Mahler

Oh,

It really makes me sad writing this because I'm afraid it might be good-bye. Although I've never expressed my feelings for you, I want you to know that you're really special. You always have something funny to say. I remember all our classes together since 7th grade - mini school A, Mrs. Campbell's, Miss Odd's and so forth... Do you remember the cotton balls I put in your ear and all the I.a.m. calls? How about the sign I stuck in your yard! High school has been fun and you will be a big part of my memories. Thanks for letting me come sit on your lap (and Pitts') on the bus. Remember when Mrs. Gray said for us not to start yet? The night we saw "First Love" was a real blast, too. I'm sorry I've written so much but it takes me a while to say what I want to. Don't think I tell everyone this — only a very few special people... Anyway, I really love you for what you are and what you have got ahead of you. Please remember me. I feel that we'll probably stay close since Pitts & I will be together at UT. (What I mean is that if you and Pitts get together I might know about it and come along to bother you!) Well I better close now, especially since Momo is watching me write!

Love,

Kelly Jane Brockman

Dr.
It has been fun being in class with you over the years. Don't forget the fun we had in Mrs. Campbells class. Remember the fun we had laughing at Peer over the years.
Best of Luck at Kenyon.

Dri,

Although I am not sad about leaving OHS, I am sad about leaving certain friends, Namely you, because I'm unsure that we'll ever be able to get together again. Oh well! enough of that. I love you very much Dri, because you are kind and funny, and so very talented! I know you'll be successful in whatever you do. Stay the way you are Dri because people will love you that way. Don't forget all the good times of OHS. Stay sweet Dri. Be seein ya.

Luv ya!

Suzanne Polk

Dri,

Hope we became better friends in the future. Glad to know you at this year. Good luck at college. Love ya.

Dallene Ryan

Dri,

I can't believe we're really graduating! I can still remember us being 8th graders. Norman Bunkley is in my homeroom together so glad we had homeroom together so I could ask you what you always find in Physics! Why you always find in success and happiness in all that you attempt to do. Best of luck at college.

Irl-

I have come to realize that we, each man in his day to day existence, creates around himself a tiny world in which that person feels quite safe and secure and nothing may penetrate which would harm him. For some, this is only a frame of reference; for others it is a pleasant alternative to reality. It is quite anomalous to find a person who, with great vigor, is ready to understand other people's frames of reference.

And so, as the world continues and people, singularly and in mass, ~~seak~~ seek for bigger and better ways to amuse themselves, I should hope that more people would take your good example and look beyond themselves.

Let me close with the simple hope ~~that~~ that all will go well in college and that you don't get a Catholic roomate who insists on getting up every three hours to chant the divine Office; they can be murder.

Good luck,

Steve Mahler

Irl,

I wish I could be half as smart as you. Learning just seems so easy for you. I wish you luck in College, and whatever else you do. Love, Wrecta

Irl,
I'm really glad I got the chance to know ya this year. I don't see how you made it through MM Binkley's class. What about all those long hours put into APapers. You're a terrific person! Contrary to what Delby & might say and you dude can blow that trumpet! Bad luck in the future.

Elaine Earls

Irl,

I wonder why I don't write my capital "I's" in cursive? I thought of that while I was writing your name! Oh well, another school year has come to a close and I'm still my some wonderful self. When you come out of puberty, you will probably come near the perfectness of my bod and my sexual attraction. I know this is unlikely, but dreams really do come true. Do you believe in fairy tales? Can love survive when all else fails? Oh well. It really has been fun these past few years. I remember how strange-a-mundo I thought you were the first time I remember seeing you. You were wearing that tie-shirt you had made. Since then, I have come to know your true self, your wild, uninhibited character and your lust for raw onions [redacted] in your peach melba. I think you would quit losing weight and be healthier if you cut down on your sex too. (It can really get to you, you know). Just kidding, Mrs. Borefidd. But, anyway, I really appreciate your friendship and our long walks in the country, and not to forget our intimate candle-light dinners. (You're a devil after a couple of glasses of champagne). It really has been great the past years and I hope we can keep in touch, despite the conceit and high-and-mighty attitude you will have after next year. (This is Firs' pen). Good Luck always in whatever you do and I'm sure you will go far.

Mark Pitts

Dr. Irl,

Well, what can I say. I'm sure I think of something after we are a great friend and I'm really cheering me up. Thanks so much. I'm really gonna miss you next year and I'll miss you sure and don't forget me at come visit me. Please do. I never write me? I never college. Any day now I'll get your letter before. But good luck always. I know you'll never have any trouble reading. I'll see you this summer.

Love
Nancy

D.D.,

I'm not gonna waste
a bunch of space saying
this and that because we
can just talk bout it. I admire your
talents in music and your personality.
Keep your chin up. See ya later.

Three years we've been stuck together
in the same classes more through luck
than anything else. Although we met
only through necessity, I feel that our
friendship has grown past the point
where we nod in the halls on the way to
class. It's been really fun having you
to talk to (and about in Calculus, and I've
really appreciated being able to seriously
talk to somebody in lunch. I think that
you are the only guy in Calculus who is not
either wrapped up in their own little circle of
friends or really "over doing" something. "I Dong" a lot for making Calculus fun. Take care &
good luck,

-Billy Wilson

Well Drl,

We've come to
the close of another year.
It's been fun being
with you. We'll have
to get together and go
bowling some time. And
maybe I'll have a little
streak. It's been too
much! Good luck with your
summer and next year. Let's
do something sometime.
God bless you!

Doug Coppell

Drl,

It has been fun
knowing you these
past few years. You
are a good friend.
We went through a
lot together. Mr.
Carter and especially
Mr. Bond's homeroom.
Good luck in the
future.

Irl-
You have really been a good friend for the past two years. I like you so much. You are really fun to be around. We've had alot of fun in band for the past two years. You are really a talented trumpet player and I know you will succed. I am going to miss you next year. I really mean it. Please always remember me. You are a special person. Love Always,
Jan Wood

P.S. I hope I live through "Honors" Band!

Dear Jill,
Does it feel good to be free from school? I'm so glad Q Period is over. What a miracle we made it. I can't remember when we first became friends but I'll never forget some of the things we did together like making cannolis and fighting in Latin class. Ward cry, Knowing you we'll were meant a lot to me. Remember all the notes we passed back and forth and other gross and clumsy, hopefully funny things you and I did. You are really a "neat" person and I hope you never change. Let's really stay in touch and stay in touch.
Love, Dawn
